El jardín de las delicias

Merlot rosé

rose wine ~ semi-dry

This variety is from France. You can recognize this variety mainly in the red version, but when the winemaker lets the wine ripen properly, he will produce a very fruity and juicy Merlot rosé wine, which will surprise you with its fullness.

Do not be afraid to cool this rose wine properly to 6 to 8 °C to enjoy its freshness.

Merlot

red wine ~ dry

Originally from France, this variety thrives exceptionally below the peaks of the Andes Mountains. The Argentinian Merlot, found in a bottle, is full of prunes, blackcurrants and cedar wood. A gentle but intense speech that you have to taste.

Did you know that Merlot means “young thrush” in French?
